

# GETTING STARTED

- Please create a log-in to access your profile information.
- Review your profile information to make sure everything is correct. Make corrections as needed.
- Manage your privacy settings to determine which of your information will be viewable in the directory (phone number, email address, address, etc.).
- Update your profile with a picture if you desire.
- We encourage you to include the contact information you are comfortable sharing in the directory in order for others to be able to connect with you. This is based on your privacy settings.
- Take a look around: find your giving information, browse the directory, check out Realm's features.
